SAVED SANCTIFICATION

Romans 5:1-11

Sanctification: *The ongoing and progressive work that the Holy Spirit does to transform us into who we already are in Christ.*

The Lord sanctifies us...

...through suffering...

...by the power of the Holy Spirit...

...in the context of community!

DISCUSSION & REFLECTION QUESTIONS

- What stood out most to you from this sermon? What does God want you to do in response?
- Why is it encouraging to know that God has purposes for us in our suffering? How do you typically respond when trials and suffering enter your life? How does this perspective help you to respond in the right way?
- What role do you see the Holy Spirit playing in our life when you are suffering? When we are doubting God's goodness and love for us, how does what Jesus did on the cross practically demonstrate His love for us?
- What role does community play in God's sanctifying process in our lives? What does it look like to practically let people into your suffering? What is an action step you can take to connect more deeply in community?
